

We believe that ALL people have the right to have jobs, get an education and have the supports necessary to fully participate in their community.

MISSION STATEMENT

We support people with disabilities to speak up for themselves and for others. We encourage people to learn about their rights and how to voice their concerns. We believe Self Advocates can bridge the gap between “us” and community by promoting diversity and inclusion for all.

MISSION SELF ADVOCACY GROUP

We Are All Citizens ...

www.SelfAdvocateNet.com

WHO WE ARE

The Mission Self Advocacy Group is made up of people with intellectual disabilities. We believe ALL people have the right to be included in their community.

WHAT IS A SELF ADVOCATE

Self Advocates with disabilities are people who speak up about their rights and the rights of their peers. We believe that there is power in numbers. If we stand together our voice is stronger, making the public more aware of our presence and purpose.

To promote awareness among our community members regarding inclusion & the right to full citizenship.

OUR GOAL

Our goal is to increase public awareness regarding disability issues and the right to be treated equally with respect and dignity as valued participants of our community. We are always searching for new advocates to join our group. By sharing stories and learning about the issues that affect us, making us more skillful mentors and stronger leaders.

HOW YOU CAN HELP . . .

You can donate funds to support our members to attend provincial and national conferences on a wide range of disability issues.

Organizations can also sponsor our group to help with monthly costs.

If you have spare time, you can volunteer at our fundraising events: bake sales, bottle drives, dances, etc. Volunteer Advisors are also needed.
